

2022 Judiciary of Guam **ANNUAL REPORT**

Cover art: Hagåtña was the island's "principal village" during the time of Father Diego Luis de San Vitores, and possibly, long before his mission on Guam began. Hagåtña may even have existed before the appearance of *latte*, and stands strong after wars and numerous colonial occupations. Today, Hagåtña is the seat of Guam's three branches of government—the Judicial, Legislative, and Executive.

Like Hagåtña, the Judiciary of Guam continues to thrive, grow, and evolve, keeping current with the digital age, while being mindful of our culture and traditions.

In the history of our island, our unified courts are still young. It took, roughly, 60 years after Guam's liberation for Congress to formalize the Judiciary of Guam as the third and co-equal branch of Government. Today, the Judiciary administers its operations and protects individual freedoms and rights of Guam's people while the Supreme Court of Guam stands confidently on equal footing with other state Supreme Courts.

The Plaza de España is a reminder of our people's long history of survival and the importance that the past holds for us. Prior to the arrival of the Spanish, the CHamoru people had their own distinct laws and customs. However, following Spanish conquest, they were governed by Spanish law, military law, and later, Japanese law. Today, the people of Guam create and enforce their own laws, ensuring the protection of all citizens, including those individuals who cannot protect themselves.

Juvenile Proceedings cases include juvenile guardianship matters, truancy, status offenses, and juvenile abuse and neglect cases. Domestic cases include divorce actions, custody, paternity, and child support issues.

In 2022, although the virtual platform continued to be the primary mode for conducting court hearings as pandemic restrictions eased, there was an increase in the number of in-person hearings held. Hybrid hearings have been the most challenging platform for conducting hearings, but with technology upgrades in the trial courts and the completion of a high technology courtroom, the judicial officers and court staff continued their efforts to ensure hearings were held and parties had their day in court. The Superior Court saw a slight decrease in case filings, however, criminal felony and juvenile filings increased from the previous year.

Superior Court Therapeutic Courts and Specialty Courts

Adult Drug Court

The Adult Drug Court (ADC) involves cases where defendants are charged with a drug offense (and may include other criminal offenses in addition to the drug offense). The goal of the ADC program is to provide intensive treatment and counseling services to help participants with their substance abuse addictions. Participants eligible for the ADC program must complete a clinical screening, undergo frequent random drug and alcohol testing, intensive supervisor, and agree to sanctions for failure to comply with the program guidelines. There are two tracks to the ADC program – ADC I for first-time possession offenders, and ADC II for repeat offenders whose offenses were related to drug or alcohol use.

In 2022, the ADC returned to complete in-person activities for the participants. The ADC I Program provided drug and alcohol treatment services to 51 active participants with 11 participants successfully graduating. The ADC II Program provided drug and alcohol treatment services for 16 participants throughout 2022 with two participants successfully graduating. Eleven new participants entered the program ending the year with a total of 9 active participants.

Judge Alberto E. Tolentino presides over the Adult Drug Court I Treatment Court and Judge Maria T. Cenzone presides over the Adult Drug Court II Treatment Court.

Juvenile Drug Court

The Juvenile Drug Court (JDC) involves juvenile cases with a drug or alcohol offense. Probation officers use evidence-based risk assessment tools to determine if a youth is eligible for the JDC Program. Participants in JDC receive drug treatment services, have numerous hearings, random testing, group counseling sessions, life skills workshops, and recreational therapy sessions. In 2022, there were 34 active participants in the program and 12 successfully completed.

Judge Arthur R. Barcinas presides over the Juvenile Drug Court.

Family Violence Court

The Family Violence Court addresses all criminal felony and misdemeanor cases with a family violence charge. Family Violence offenses continue to be one of the top offenses charged annually, and because of the high volume docket, the cases are assigned equally to two judges. The Client Services and Family Counseling Division also provides individual and group counseling to defendants in criminal family violence cases.

Presiding Judge Alberto C. Lamorena III and Judge Maria T. Cenzone currently preside over the Family Violence Court docket.

In Memoriam

Carl P. Perez

The Judiciary of Guam was deeply saddened by the passing of Carl P. Perez, our Superior Court of Guam Court Archivist. Carl passed away on September 20, 2022, leaving behind a legacy of dedication and commitment to the Judiciary, where he served for nearly 30 years. From his humble beginnings as a Court Bailiff for Justice Katherine A. Maraman, Carl proved to be an exemplary leader, colleague, and friend to many at the Judiciary. His Courts and Ministerial (C&M) family continues to feel his loss and mourn his passing.

Despite working in the Clerk's office, Carl went above and beyond to assist other divisions with their case management systems, earning the title of C&M's Just Ware SME. He played a crucial role in many Judiciary projects, including the launch of the Digitization and Archiving of Court Records, the revisions of the Retention Schedule, the e-Filing pilot project, online payments, and the automation of traffic and court clearance procedures.

Carl was also a mentor and source of inspiration for many deputy clerks, guiding them throughout their careers. He was in the process of becoming a Certified Court Manager with the NCSC's Institute for Court Management and had only one final course to complete.

Carl's professionalism and excellence in his work, as well as the knowledge he imparted to the courts, will always be remembered. The work he started will continue, and when the projects he helped start are completed, it will be a testament to his passion for improving the administration of justice. We thank you, Carl, for your outstanding work, leadership, and friendship.

STATE OF THE JUDICIARY ADDRESS: “RESPONSIVE AND ROOTED”

On April 29, 2022, Chief Justice F. Philip Carbullido delivered his final State of the Judiciary Address of the term, highlighting the progress made in Guam’s court system under his leadership.

Speaking before a packed Guam Congress building—a welcome change from the pandemic-restricted audiences of the past two years—the Chief Justice reported to island leaders, Judiciary employees, and the people of Guam that the state of the Judiciary was “responsive and rooted – responsive to the ever-changing demands of providing quality justice services even under pandemic conditions; rooted in the solid infrastructure that makes our operations possible.” In an address that began by recounting the remarkable evolution of our court system in Guam from a divided operation just two decades ago to the unified Judiciary we have today, the Chief Justice seized the opportunity to acknowledge that difficult journey and, perhaps more importantly, to express his deep appreciation for the partnerships that have developed along the way. He also emphasized the critical importance of giving the Judiciary a fair budget for FY2023—one that included funding for across-the-board pay adjustments for all Judiciary employees.

In his closing remarks, Chief Justice Carbullido directly addressed his Familian Kotte. He expressed his deep gratitude and honor to have served the Judiciary for the past 22 years, with 11 of those years as Chief Justice. He also spoke of doing his utmost to fairly and efficiently resolve disputes that came before him and working with an amazing team of professionals to administer the branch: “In all that I have done in my legal career for the past 44 years, public service has – by far – been my greatest honor.”

The Chief Justice’s message was a poignant reminder of the importance of public service and the lasting impact it can have on a community.

“In all that I have done in my legal career for the past 44 years, public service has – by far – been my greatest honor.”

-- Chief Justice F. Philip Carbullido

GRAND OPENING OF THE EIGHTH COURTROOM

On October 31, 2022, the Guam Judicial Center held the grand opening ceremony for its eighth courtroom. The new courtroom features state-of-the-art technology and modular furniture to enable hybrid and remote hearings and to allow for social distancing as circumstances warrant. Chief Justice Carbullido emphasized the critical importance of the new courtroom in enhancing the Judiciary's efficiency and effectiveness, particularly with the recent appointment of an eighth Superior Court judge. Despite facing obstacles, such as the relocation of all court servers from the space, the new courtroom is a significant achievement for the Judiciary's Master Plan and serves as a model for future courtroom technology and design updates. The additional courtroom will help manage the Judiciary's increasing caseload and will allow for more extensive involvement by judicial officers in therapeutic court models.

GUAM FAMILY RECOVERY PROGRAM GRADUATION

The Guam Family Recovery Program (GFRP) had many accomplishments in 2022, holding three graduation ceremonies for families who successfully completed the program. The GRFP targets parents who are involved in "Person in Need of Services" (PINS) cases, due to the neglect and/or abuse of their children, often due to substance abuse and other co-occurring disorders. Through a 12-month intergovernmental effort, the GFRP works to eliminate parental substance abuse and give mothers and fathers the necessary recovery skills to create a safe, nurturing, and substance-free home for their children.

Since its implementation in November 2018, GFRP has graduated 19 parents, serviced 49 parents with 175 children, and currently has 25 parents and 103 children in the program. The program requires the close involvement of those involved in the cases, including the court-appointed guardian ad litem, the Assistant Attorney General, treatment providers, and stakeholders to ensure that parents receive the support they need to remain substance-free.

At each graduation, parents are presented with a Certificate of Graduation, Certificate of Sobriety, a gift basket, gift certificates, and personalized gifts. Ceremonies conclude with a reminder that GFRP's mission is for graduates to maintain a safe, stable, and happy substance-free home so they can continue their sobriety, become productive citizens in the community, and

PACIFIC JUDICIAL COUNCIL

After a three year hiatus, the Pacific Judicial Council Conference (along with the Joint Annual District Court of Guam Conference) was held in-person on Guam in October 2022. The Pacific Judicial Council (PJC) is a group of Chief Justices and Presiding Judges from American Samoa, Guam, the National and State Courts of the Federated States of Micronesia, the Northern Marianas Islands and Palau. The PJC has been providing educational opportunities to its members and local professionals for over 25 years. Conference topics included judicial security, cryptocurrency, litigation, finance, ethics, remote hearings, and legal advocacy.

Chief Justice Carbullido emphasized the importance of the conference, stating that "the conference affords our membership in the region the opportunity to keep informed and abreast with the changes in law... and it gives us the opportunity to pull our resources and provide an educational opportunity for our membership and members of the Bar." District Court of Guam Chief Judge Frances Tydingco-Gatewood added that the judicial conference aims to promote the rule of law and educate members of the Bar and the island community.

The conference hosted a distinguished list of speakers and presenters, including Ambassador Chantale Wong, Director of the Asian Development Bank and graduate from Academy of Our Lady of Guam; Judge M. Margaret McKeown of the U.S. Court of Appeals for the Ninth Circuit; Kaleb Udoi, Jr., Palau Minister of Finance; Commander, Joint Region Marianas, Rear Admiral Benjamin Nicholson, and U.S. Marshals Service Director Ronald Davis, along with all of the distinguished judicial officers and members of the Pacific Judicial Council. The conference provided an opportunity for members of the Pacific Judicial Council to learn from experts in various fields and strengthen their professional networks.

DWI TREATMENT COURT FOUNDATIONAL TRAINING

In September 2022, the Judiciary held a four-day Foundational Training for the DWITC Team at the Guam Judicial Center. The training was facilitated by Director James Eberspacher and Project Director Julie Seitz from the National Center for DWI Courts (NCDC), a division of the National Association of Drug Court Professionals (NADCP). Attendees included Judge Vernon P. Perez, representatives from the Probation Services Division, Court Programs Office, Office of the Attorney General, Public Defender Service Corporation, Alternate Public Defender, Guam Police Department, University of Guam Regional Center for Public Policy, and DWITC treatment providers.

The goal of the training was to align all team members and increase adherence to best practice standards for operating a DWI treatment court. Sessions focused on topics such as treatment and recovery, pharmacologic interventions and addiction, incentives and sanctions, DWI court phases and requirements, and evaluation for outcome measures. The training included interactive discussions between participants and trainers to address challenges and barriers experienced by team members.

Trainers emphasized the importance of collaboration among team members for efficient processes and improved communication to support recovery and reduce recidivism. On the last day of the training, participants observed virtual real-time court hearings held in the El Paso DWI Treatment Court in Texas. Participants witnessed the strong rapport of the El Paso court with their DWI participants and learned about court operations and processes.

The DWITC Team had the chance to ask questions directly to the El Paso DWI court staff after the court hearings. Training participants expressed that the technical assistance and training helped the DWITC team identify gaps and opportunities to improve services for clients.

COURT INTERPRETER REGISTRY PROGRAM

In September 2022, the Court Interpreter Registry Program (CIRP) trained and qualified eight new court interpreters for four different languages. The training focused on the three modes of interpreting: simultaneous, consecutive, and sight translation. The interpreters practiced these modes during in-person hearings, attorney-client meetings, treatment classes, and virtual hearings. They were also trained on the interpreter professional code of conduct, emphasizing the importance of accuracy, impartiality, and confidentiality. At the end of the training, they all passed their written examination.

This addition to the pool of interpreters increases the courts' capacity to provide access to justice and procedural fairness to court patrons who speak languages other than English.

The eight new court interpreters were sworn in by Chief Justice Carbullido on October 4, 2022, via Zoom.

Procurement and Facilities Management

The Procurement and Facilities Management (PFM) Division plays a vital role in supporting the operations of the Judiciary. PFM administers the purchases and contracts for supplies, services, construction, professional engineering services, professional consulting services and group health insurance for Judiciary employees. The Division also manages capital improvement projects, executes Judicial Building Fund projects, provides contract management services, and performs other duties related to negotiation and management with vendors. In addition, PFM is responsible for the maintenance and upkeep of the Judiciary's facilities and properties in Hagåtña, Dededo, and Sinajana and the fleet of official vehicles.

At the onset of 2022, as the COVID-19 virus continued to spread throughout the island, PFM responded by processing numerous purchase orders for personal protective equipment and supplies, and ensuring the cleaning and sanitization of Judiciary facilities to safeguard the health and wellbeing of employees and patrons.

Amidst these ongoing efforts, PFM oversaw the construction of an 8th Superior Courtroom at the Guam Judicial Center. The new courtroom boasts a 50% larger space than the other seven courtrooms and features an innovative modular design that can be easily reconfigured based on court proceedings, and future social distancing requirements. It also features cutting-edge telecommunications, security, and audio/visual equipment. This expansion has enabled the Judiciary to appoint an 8th new judge, leading to greater efficiency and effectiveness in administering justice.

In line with the Judiciary's commitment to preserving its rich history, PFM procured an architect and contractor to start the rehabilitation of the 54-year-old Guam Historic Courthouse. Once completed, the GHC will have all new lighting, electrical, air conditioning, fire alarms, security cameras, furniture, and other features providing employees and patrons a much improved working environment. The rehabilitation project will also safeguard the building's historic architectural features, which will be made available for visitors to view and appreciate.

In addition to these projects, PFM initiated several other renovations in 2022, including the renovation of the second floor of the San Ramon Building, the exterior painting of the Guam Judicial Center, the replacement of old carpeting and office furniture, and the fit-out of a new judge's chamber and two new employee lounges in the Judicial Center. PFM also upgraded the Judiciary's telecommunications cables from CAT3 to CAT6 and procured new servers, resulting in a dramatic improvement in the performance of the Judiciary's computer and communication systems and enhancing employee productivity and public service.

The C&M staff provide quality, efficient, and effective service to all judicial officers, attorneys, and the public at two court locations – the Hagåtña Court and the Northern Court Satellite. Some essential duties of the Division include managing and processing all Superior Court case filings; maintaining the custody and control of all Superior Court records; assembling juries; providing court transcription services; preparing court clearances; and processing traffic citations.

Other essential services include the fair and equitable assignment of cases to Superior Court judicial officers, providing support staff for judges' chambers, managing the Court Interpreter Registry Program, and facilitating the use of the Self-Represented Litigants Kiosk by persons representing themselves in court proceedings.

In 2022, the C&M staff stayed the course providing remote and in-person assistance to attorneys, patrons, and the public. With technology upgrades in the courtrooms, court clerks improved their skills in assisting with Zoom and hybrid hearings. Jury activities increased with more jury trials and juror orientations. Efforts to digitize thousands of court records were underway for most of 2022 and will continue through 2024.

C&M includes the following units:

- Intake, Mid-intake, and E-Filing
- Records
- Traffic Violations Bureau
- Small Claims Court
- Team Units
- Appeals
- Jury Unit
- Master Calendar Cases
- Court Reporters Unit
- Court Interpreter Registry Program

Jury Unit

The Jury Unit oversees the jury process for matters brought before the Superior Court and is primarily responsible for ensuring the availability of grand jurors and trial jurors. Each year, thousands of island residents, representing a fair cross-section of the community are summoned for jury duty. The Jury Unit conducts orientations for the summoned jurors to provide jurors the necessary information for jury service. In 2022, as pandemic restrictions eased, the Unit conducted more jury orientations and assisted with criminal and civil jury trials. With the decrease in the backlog of asserted trials from 2020 and 2021, there was a decrease in the number of jurors present for jury-related activities held in 2022.

Court Interpreter Registry Program

The Court Interpreter Registry Program (CIRP) promotes the accuracy and integrity of judicial proceedings and preserves fundamental principles of fairness and access to justice by providing interpreter services to persons with limited English proficiency. Judiciary staff train interpreters and provide interpreter services in both court hearings and non-courtroom matters.

In 2022, the CIRP conducted two interpreter basic skills training sessions and recruited 11 new interpreters to the program. The CIRP also provided interpreter services for in-person and remote hearings. There are 176 registered interpreters, 37 active interpreters who provide interpreter services for more than 14 languages. The Program provided interpreter services in almost 5,000 court hearings and over 1,000 non-courtroom matters.

Client Services and Family Counseling

The Client Services and Family Counseling Division (CSFC) plays an important role in the judicial process by providing clinical and forensic evaluation services. The work of the division focuses on evaluating defendants, juveniles, and their families, and advising the court regarding their behavioral health care needs. CSFC provides court-involved individuals and their families with a variety of therapeutic, psychological, consultative, and educational services, which include:

- Forensic evaluations
- Psychological evaluations
- Psychosexual assessments
- Risk Assessments
- Individual, family, and couples counseling
- Group counseling

The division collaborates with the Probation Division, Guam Behavioral Health and Wellness Center, Department of Corrections, Department of Youth Affairs, Sanctuary Inc., Oasis Empowerment Center, Lighthouse Recovery Center, and other service providers. CSFC continues to work on developing and promoting a uniform spectrum of services, case management practices, and decision-making tools to respond effectively to the needs of individuals, families, and children.

CSFC is comprised of an Administrator, a Clinical Psychologist, four judicial therapists, and two judicial therapist interns. Two additional staff members provide administrative support.

After over two years of limited in-person services because of the COVID-19 pandemic, CSFC resumed in-person group sessions in 2022. CSFC staff participated in several professional development trainings and conferences and presented at several conferences involving a wide range of community stakeholders.

PROBATION SERVICES DIVISION

The Probation Services Division's mission is to reduce the incidence and impact of criminal behavior of court-involved juveniles and adults by using evidence-based practices and treatment strategies that change criminal thinking, produce positive outcomes and ultimately increase community safety.

The division is comprised of the Intake/Drug Testing Unit; Pretrial Services; Adult Probation Office: Crimes Against Persons and Property Section and Drugs and Alcohol Section; Juvenile Probation Office; Alternative Sentencing Office; Sex Offender Registry Office; the Electronic Monitoring Unit; and seven treatment courts: the Adult Drug Court, Mental Health Court, Veterans Treatment Court, Juvenile Drug Treatment Court, Guam Adult Reentry Court, Driving While Intoxicated Treatment Court, and the Guam Family Recovery Program.

In 2022, the division was responsible for managing and monitoring court orders for 4,744 court involved juveniles and adults placed on supervised release, both pre and post adjudicated, deferred, and regular probation. As the entity responsible for administrative maintenance of the Sex Offender Registry, the division managed 1,246 sex offenders who were required to register. In 2021, Probation had oversight over the cases of 5,990 individuals.

Although the year 2022 continued to be challenging with the Coronavirus (COVID-19) pandemic, Probation staff never wavered in their ability to adapt, continue operations, and meet client needs. COVID-19 testing continued in 2022 for judicially involved individuals who required detention or had to serve a term of imprisonment at the Department of Correction. Renovation of the Guam Historic Courthouse also required extensive relocation of the probation offices to the Judicial Center and the Route 4 Building. Despite these challenges, clients continued to check in to the Probation Office, court appearances were made, fieldwork never ceased, and drug, alcohol, and COVID testing were regularly conducted.

Maintaining an adequate number of staff was also challenging due to staff serving active duty in the Guam Army and Air National Guard and the Reserves, resignation for other opportunities, or retirement. The Division continued to strive to do its best in its service to the courts and the justice-involved clientele. The use of cell phones and personal wireless modems (MiFi) enabled Probation staff to maintain constant communication with clients and perform necessary duties remotely. The Division anticipates the implementation of the new e-Probation/e-Supervision Case Management System in 2023 as well as the Law Enforcement Records Management System (LERMS) within the Guam Police Department will promote easier access to police reports and other records that will assist probation officers in their duties.

Through the available of grant funding, the Division also received six (6) new vehicles. The new vehicles have been a tremendous asset as the state of the Division's vehicles were a safety concern for officers conducting fieldwork and transporting clients in custody.

Throughout the pandemic, the Probation Services Division never lost sight of its mandates and service obligations to the courts and the community.

Rossanna Villagomez-Aguon, Chief Probation Officer

MANAGEMENT INFORMATION SYSTEMS

Management Information Systems (MIS) is responsible for all aspects of the Judiciary's computer network and information systems at Judiciary facilities in Hagåtña, including the Guam Judicial Center, Historic Courthouse, San Ramon Building, Route 4 Building, and the Office of the Compiler of Laws. The office also has responsibility for court operations in the Northern Court Satellite (NCS) in Dededo. MIS provides technical support for JustWare, the Judiciary's case management system, and the Enterprise Resource Planning (ERP)/Logos software database application used to manage all human resource, purchasing, and accounting transactions of the Judiciary. MIS also maintains all security access servers for entrance throughout Judiciary facilities, video conferencing for appearances for court hearings, and facility management servers that control the air conditioning systems and elevators. The office is also responsible for preparing and deploying computer systems and peripherals, and other hardware necessary for judiciary operations. MIS holds a critical role in supporting law enforcement operations for the island by maintaining databases that provide information relating to criminal history, background checks, warrants, sex offender history, and other information vital to enforcement of all local and federal laws.

Throughout 2022, MIS continued to steer the Judiciary in the effective use of digital technology in response to the COVID-19 pandemic. This important role placed MIS at the forefront in supporting the essential operations of the Judiciary and required the office to adopt an open approach to provide more reliable and adaptable support. The office responded to the pandemic by adapting to courtroom changes, embracing policies and rapid technological changes, and demonstrating the inevitability of technological advancements.

The work of MIS has enabled the Judiciary to safely and securely conduct courtroom operations by using remote and mobile technology to bridge physical distance and bring together judges, clients, attorneys, court staff and service providers both on-island and abroad.

Marshals Services Division

The Marshals Division is responsible for safeguarding the safety and security of the judicial branch; from the judicial officers and employees; to attorneys, witnesses, and jurors; and court patrons who need court services. The division also oversees and manages the security and safety of the judicial branch's physical facilities in Hagåtña and Dededo. In Hagåtña, the facilities include: the Guam Judicial Center, which houses the Supreme Court, Superior Court, the Office of the Administrator of the Courts, the Clerk's and Ministerial Division, Client Services and Family Counseling Division, and other administrative offices; the Historic Courthouse; the Judicial Education Center in the Guam Law Library Building; the San Ramon Building that houses administrative offices; and the Route 4 building, which is currently used for the Probation Services Division and Office of the Public Guardian. The division is also responsible for the Northern Court Satellite in Dededo, and Erica's House Family Visitation Center.

In addition, the statutory mandate of the Marshals Division includes providing security for all court hearings; serving process, writs and orders; executing warrants; and performing other duties as provided law, rule, or Judicial Council resolution.

The Marshal Division consist of seven sections: Administrative Services; Security Services; Warrant and Intel Services; Civil and Small Claims Services; Criminal and Traffic Services; Training and Staff Development Services; and Northern Court Satellite Services. There are also three units: Supreme Court Security Unit; NCIC/Disposition Unit; and the Child Support Unit. The division consists of 82 full-time employees: 68 marshals (to include the Marshal of the Courts, Deputy Chief Marshal, and Deputy Marshals) and 14 administrative staff.

In 2022, the division lost 13 marshals, to include a Deputy Marshal Supervisor, Deputy Marshals, and Volunteer Deputy Marshal Reservists; as well as the loss of seven data entry clerks. The staffing shortfall is compounded by vacancies that have been unfilled since 2017. However, the Marshals Division continues to maintain its mission, from providing 24-hour security to the Hagåtña properties, to screening thousands of people who enter judicial branch facilities.

The Marshals Division's collaboration efforts in 2022 included a Joint Warrant Operation with the U.S. Marshals Service, and the assignment of a Deputy Marshal III from the Warrant and Intel Security Section to the District Fugitive Task Force of the U.S. Marshals Service. The Marshals Division also participated in another successful Operation Deviant Guard, focused on criminal offenders of sexual offenses. With personnel from the Judiciary's Probation Services Division, Department of Corrections Parole Office, the U.S. Marshals Service and the U.S. Department of Homeland Security, and U.S. Immigration and Customs Enforcement, Operation Deviant Guard resulted in the apprehension of 29 fugitives.

SUPREME COURT OFFICES

Office of the Public Guardian

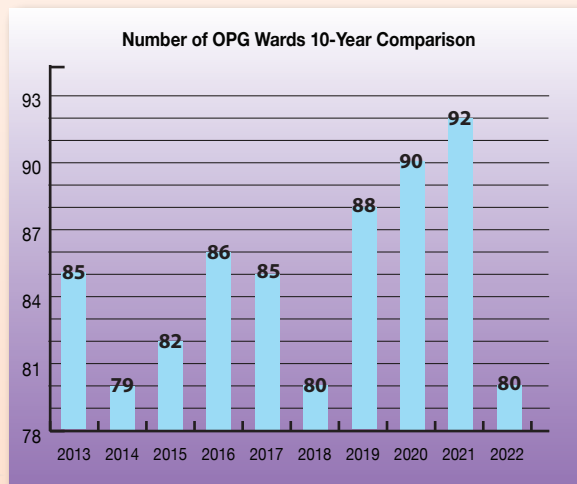

The Office of the Public Guardian (OPG) serves as the guardian of the person or estate of any adult who, by reason of age, disease, or disability is unable, without assistance, to properly manage and take care of him or herself or his or her property. These adults, who are often elderly or have disabilities, do not have family or friends willing and able to act as their guardian. Referrals to the OPG are made by judicial officers of the courts of Guam, family members, and government agencies such as the Guam Memorial Hospital and Skilled Nursing Unit, Guam Behavioral Health and Wellness Center, and Adult Protective Services of the Department of Public Health and Social Services. Referring entities include community organizations, such as Catholic Social Services and St. Dominic's Senior Care Home.

In 2022, OPG began the year with 92 wards but ended the year with 80 wards. The change is due to 11 existing wards passing away, the OPG being relieved as the guardian for seven existing wards, and the addition of six new wards. Of the wards, 74 reside in Guam; more than half in residential facilities, and the remainder live in the community at various levels of independence (with family, with caregivers, or are

The responsibility over wards' finances required that the OPG handle more than one thousand deposits, totaling more than \$900,000, into the wards' accounts, and more than 1,700 disbursements totaling over \$1,000,000 in 2022. The OPG takes an active role in protecting the rights of their wards, and ensuring their placement is appropriate and safe. In 2022, the Public Guardian visited all off-island wards. There are wards in Texas and Florida facilities, with placement funded from the Residential Treatment Fund (RTF), as Guam lacks appropriate placement and services. The Public Guardian also visited a ward residing in Manila nursing home, during which time she repatriated the cremated remains of wards who had passed away at that same nursing home, as they had funeral plans in place in Guam.

The Public Guardian has increasingly shifted her focus to fulfilling the duty of working with private guardians, by drafting and filing petitions for uncontested family guardianships, assisting them with filing accounting reports and making requests in court regarding their ward. Since 2018, the Public Guardian has conducted training programs for existing and potential guardians, and in 2022, 50 guardians completed the training.

Office of Regulation Counsel

The Office of Regulation Counsel is a component of the Comprehensive Lawyer Regulatory System, established by the Guam Rules for Lawyer Disciplinary Enforcement and Disability Proceedings adopted in 2021. These rules created the Commission on Lawyer Regulation, Office of Regulation Counsel, Investigative Committee, and Hearing Panel, which govern matters formerly handled by the Guam Bar Ethics Committee and Office of the Ethics Prosecutor. The duties of Regulation Counsel include, but are not limited to:

- Receiving information and complaints regarding the conduct of lawyers over whom the court has jurisdiction;
- Evaluating all information to determine whether it concerns a lawyer subject to the jurisdiction of the court;
- Determining whether the facts stated in a complaint or other information regarding the conduct of a lawyer provide grounds for further action under these rules;
- Investigating and prosecuting complaints as authorized by the Investigative Committee and the Hearing Panel;
- Coordinating and communicating with other jurisdictions in which a lawyer is admitted regarding discipline and disability matters; and
- Collaborating with the Commission on Lawyer Regulation on training programs and materials and conducting public awareness and education efforts regarding the Comprehensive Lawyer Regulatory System.

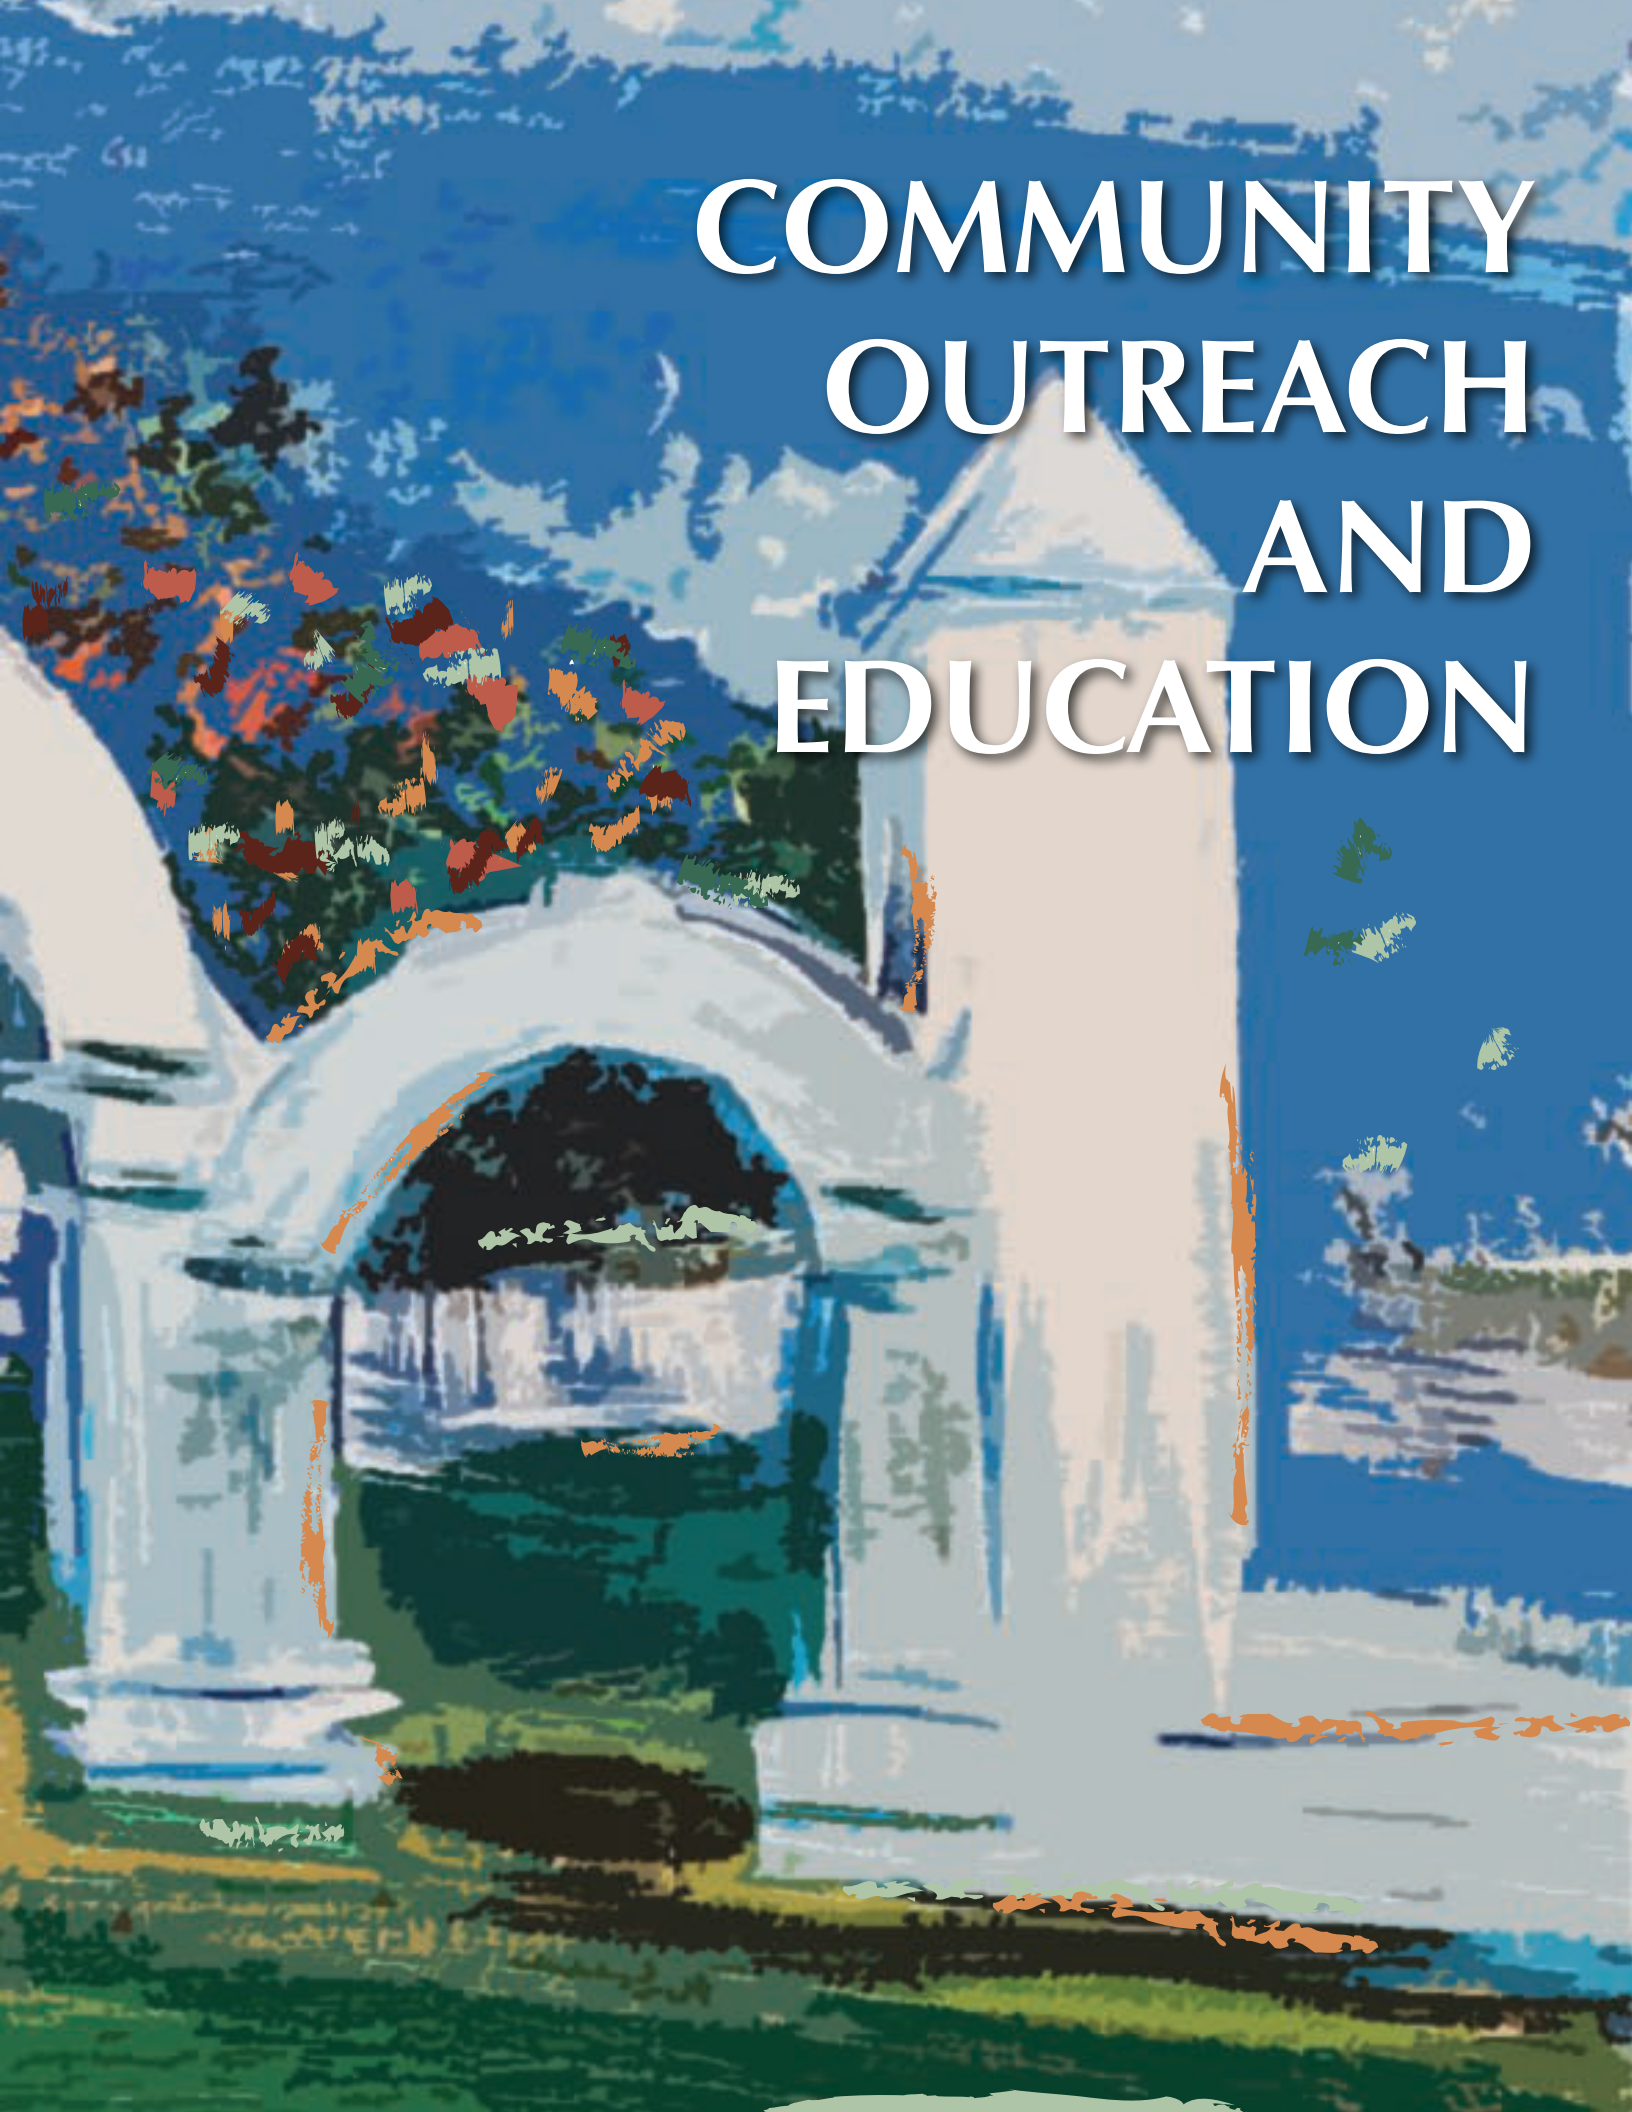

Alicia Limtiaco, Regulation Counsel

Office of the Compiler of Laws

The Office of the Compiler of Laws is responsible for publishing primary sources of Guam law, including the Guam Code Annotated or GCA, (Guam's statutory code), the Guam Administrative Rules and Regulations or GAR, Opinions of the Supreme Court of Guam, and decisions and orders of the Superior Court of Guam, as well as other primary legal materials. In 2022, the Compiler's Office uploaded six updates to the GCA in January, April, May, June, July, November, and continued to update the GAR as new rules were adopted. The Compiler's website also facilitates free access to legislative session laws, gubernatorial executive orders, and Attorney General Opinions.

The Compiler of Laws also serves as the Executive Director and Librarian of the Guam Law Library. In 2022, the Compiler's Office and Guam Law Library saw the departure of longtime staff and hiring new personnel, but continued to meet the statutory mandate, and provide legal research and information assistance to judicial officers, court staff, lawyers, and the public.

Geraldine Amparo Cepeda, Compiler of Laws and Guam Law Library Executive Director/Librarian

COMMUNITY OUTREACH AND EDUCATION

Drug Prevention Outreach

During April 20 and May 20, 2022, the Probation and Marshals division conducted outreach presentations on Drug and Alcohol Prevention. The presentations took place at five elementary schools, two middle schools, and three high schools, totaling 1,489 students in attendance. During the presentations, students asked questions about drugs and alcohol and shared their knowledge and ideas about how to make the right choices. The presenters focused on the risks of early drug and alcohol use and provided tools to prevent and reduce youth drug involvement due to the pressures associated with experimentation, hardships, and negative peer pressure. The presenters were Alternative Sentencing Supervisor Paul Mafnas, Alternative Sentencing Officers Rose Aguon, Dolores Anglen, and Roseanne Torres, Probation Officer I Paul Vibar, Deputy Marshal Supervisor Leo Diaz, and Deputy Marshal II Cameron Mantanona.

National Recovery Month Observed

Every September, Guam observes National Recovery Month. National Recovery Month promotes and supports evidence-based practices in treatment and recovery, celebrates the invaluable work of the recovery community, and offers hope to those struggling with substance use. On September 10, the Judiciary participated in the Recovery Month outreach event at the Agana Shopping Center with the Lighthouse, New Beginnings, and other partners. The event was a way to provide information on substance use-related services to the public. The event had current drug court participants and former probationers in recovery. On September 2nd and 22nd, Guam's Third Annual Conference on Substance Use Disorders Among Pacific Islanders was held virtually. Court personnel, including Client Services and Family Counseling therapists, probation officers and case managers, and Court Programs staff attended. Staff were able to learn and understand substance use issues and the related challenges unique to the region. National Recovery Month further solidifies the importance of recovery courts and gives individuals a second chance at life.

Red Ribbon Month

"Celebrate Life, Live Drug-Free" was this year's Red Ribbon Month theme. The history of Red Ribbon Month dates back to 1985 when Drug Enforcement Administration (DEA) Agent Enrique "Kiki" Camarena, who was tortured and killed in 1985 by Mexican drug traffickers while attempting to stop illegal drugs from entering the United States. Now, we wear a red ribbon to represent being drug-free. The Judiciary, through the Juvenile Drug Treatment Court, has been a member of the Red Ribbon Campaign for many years, together with other community members, such as the Guam Police Department, federal and local law enforcement agencies, other Government of Guam agencies, the Guam Chamber of Commerce and several local businesses. During Red Ribbon Month, our youths learn about the harmful effects illegal drugs and alcohol have on our island. Schools are also able to participate in the Proclamation Signing and Resolution Presentation of Red Ribbon Month, the Gate/Wall Decorating Contest, and a Drawing Contest. Other community events were also held including an outreach at the Micronesia Mall, a Red Ribbon Wave, and the "Say Boo to Drugs." The island youths were also dressed in their favorite characters and heroes as they were able to fill their treat bags with candies.

LAW MONTH 2022

The Judiciary of Guam in collaboration with the District Court of Guam and the Guam Bar Association form the Guam Law Week Committee. Each year, the Guam Law Week Committee plans events to promote and educate the public about the national Law Day theme. The Law Day theme for 2022 was "Towards a More Perfect Union: The Constitution in Times of Change." The theme served as a reminder that the U.S. Constitution is a dynamic document, outlining a blueprint for government, articulating rights, delegating power, and offering mechanisms for change.

Law Month Activities

A virtual joint proclamation and resolution presentation by all three branches of government officially commemorated the events of the month.

To celebrate Law Month, the Supreme Court held its annual appellate outreach argument at Simon Sanchez High School. Judiciary attorneys conducted presentations at various middle and high schools highlighting this year's theme. In-person fairy tale mock trials also returned, with students from Adacao Elementary School and Agueda Johnston Middle School performing the trials of popular stories. Additionally, the Guam Museum hosted a new event this year, a constitutional lecture featuring three distinguished guests: Retired Magistrate Joaquin V.E. Manibusan Jr., former Governor Carl T.C. Gutierrez, and Victoria Leon Guerrero.

Other events included the Guam Girl Scouts Justice Patch event, which allowed Girl Scouts to meet a judge, attorney, probation officers, and a deputy marshal; Jump for Justice jump rope competition and fitness training; Race Judicata 5k dubbed "The Carabao Run"; and the Haggan Exhibition where probation officers teamed up with Special Olympics athletes.

Hustisia Award

Retired Judge Elizabeth Barrett-Anderson was named the 2022 recipient of the Hustisia Award, recognizing her for her outstanding contribution to strengthening the rule and role of law throughout the island. Modeled on the American Bar Association's Liberty Bell Award, the Judiciary of Guam Hustisia Award honors individuals and community partners who contribute to the betterment of the island. received the Hustisia Award at a ceremony held at the Route 4 building.

14TH ANNUAL RACE JUDICATA 5K

Probation Officers Amaze Ordot-Chalan Pago Elementary School Students

Career Day happens once a year and it's definitely a day students get excited for. For this career day visit, Probation Officers Vincent Reyes and Jim Rebutio took a trip to Ordot-Chalan Pago Elementary School and impressed the students with their stories and presentations. The students were able to learn about the law and what a Judge is. Although they didn't know court terminology, they were able to understand and make comparisons with the rules and the school principal. The students understood the importance of fairness. Career days can inspire children and for this visit, a few students were able to say that they wanted to become probation officers and help people. Great job to our Probation Officers for inspiring our kids and showing off the Judiciary pride!

Employee Frolic

Every month, different divisions are assigned to host the month's frolic activities. Every month was full of fun and creative activities and events for the court staff. Some notable monthly frolic events were held in July and October. July frolic hosted by the Office of the Public Guardian and Court Programs Office not only celebrated Independence Day but YOU as well. The theme was RED, WHITE, and YOU. What's a frolic without spirit week? On Monday, the Judiciary celebrated self-care, where employees received a bunch of self-care goodies to fight the start of the week. On Tuesday, the court was sporting red, white, and blue. On Wednesday, employees were given Bomb Pops to cool off in the summer heat. On Thursday, three of our employees took home a gas card for completing a quiz and on Friday, the week ended with food trucks on campus for lunch.

October Frolic was hosted by the Probation Services Division. Not only was it spooky and scary but the week was set for fun and yummy Halloween-themed activities. This frolic is a little different than others due to the pandemic, but that doesn't stop Familiar Kotte from having fun. On Monday, employees brought a book and took a book from the Mayor of Halloween's Bookshelf located in the lobby. On Tuesday, employees got to answer Oogie Boogie Trivia. On Wednesday, employees were able to enjoy a treat from Sally the Corpse Bride and have their photo taken in Halloween Town. On Thursday, employees enjoyed a cool drink from Pumpkin King. Finally, on Friday, the Judiciary had Trunk or Treat and food trucks in the parking lot.

Donations

Through the culture of inafa'maolek, the Judiciary always finds a way to give back to the community. This year gave us many opportunities to give back. One donation in particular was the Client Services and Family Counseling division. They have made it a must to share kindness and the holiday spirit to everyone they meet. The team participated in Prison Ministry International's Angel Tree Program by purchasing and wrapping gifts in parents' names of inmates on the island. The team donated teddy bears and stuffed animals at Erica's House, baked cakes and distributed them to the homeless, held a donation drive for Catholic Social Services, donated to Toys for Tots, and the Salvation Army Bell-Ringing Holiday Campaign. We hope to spread kindness for all of next year and not just the holiday season!

The Judiciary partnered with the Be Heartfelt Inc. charity group to host a shoe drive which took place from the last week of July to early August. The shoes were donated to families all over the island.
